

MORE GOOD STUFF!!!

FROM THE ADMINISTRATOR

As I write this I have just completed the three day Administrators School taught by Moose International University. I learned a lot but the real learning will begin when I return to the lodge and start to use the techniques I have been taught. I promised I would share and give insight on the income and expenses of the lodge but I am going to wait until next month to reveal to you some of those numbers. Right now I will again ask all who have not provided an email address to the lodge to please do so to begin receiving your Moose Call via email. The second point I will again stress is if you are already buying lottery tickets and scratchers, please purchase them in the social quarters. Some of you might have noticed, we now have an ATM cash machine in the lobby adjacent to the women's rest room. This is for the convenience of our members who prefer to use their debit/credit cards to obtain money rather than write checks in the social quarters. I am exploring other wants/needs and ways to improve the lodge in the future. If you have any ideas or suggestions, please share them with me in person, via the suggestions box or email them to me at HarleyDude@cwo.com. I promise to listen and evaluate your suggestions and with the boards backing when necessary, will implement those that have the greatest merit. This is your lodge and you all have input into its success and failure. You only have yourself to blame if you do not participate in how the lodge business is conducted. My job as administrator is to run the lodge as a business to make money to pay our bills and support our purpose keeping in mind that we are a fraternal organization dedicated to providing a family environment. Membership growth is important to succeed in this important mission. I am here to serve you all and request your support and feedback, both good and bad.
